

# About ESN USB Budweis

## Who are we

We are students from all faculties but connected through our one and only University of South Bohemia. We are doing a free time activities and Buddy program for Erasmus coming students from all over the world.

## Social activities

In Erasmus you're never alone. In České Budějovice neither! Enrich your foreign stay with parties (every has a different topic), board games, language exchange events and much more. You can also participate in project called Erasmus in schools in which you can introduce your culture to the local students and share your experiences.

*Let's  
connect*

## Culture evenings

First time in the Czech Republic? Don't worry, during our culture evenings we will guide you through our national cuisine, teach you a little bit of Czech, show you some of our traditions. Also, we would like to know more about your culture. Yes, yours! What is going to be the next culture evening about? Finland, Spain? Papua New Guinea? ....It's up to you.

## Sport activities

Not vainly it is said "healthy body healthy mind". Sometimes you just need to relax and have a break from studying. You can go climbing with us or go jogging to catch some fresh air- Maybe there is a tennis tournament to win. Name any kind of sport activity. We have equipment for it. Except surfing - there is no sea here.

## Trips

South Bohemia region isn't just our city. There are many cultural and natural spots that are worth visiting. If you like the rush of the cities, Český Krumlov is just the place you're looking for. Or would you like a place where you can find your inner peace? Our national park will provide you enough tranquillity. The scale is wide, all you must do is to choose, where is your adventure going to take place next time.

## Buddy program

Can someone help me? Can someone pick me up? Yes! Thanks to our volunteers, you will have your first Czech friend - your Buddy - Who will help you with our arrival and not only with your first days.

Our Buddy program works with algorithms on tags, so that you and your Buddy will have as much as common as possible. This is the best way to make a friend not only for your Erasmus.

## ESN office

Place where you can find us for help or get ESN/Vodafone card. You can visit us in the building of Economics faculty, on left side from the main entrance - room number 23. Stay tuned because we will be sharing opening hours via Whatsapp groups and social sites.

## ESN storage

### "Borrow and return"

You can borrow from us stuff for cooking, sports equipment and board games (with only small deposit fee). At the end of semester you will return borrowed things.
